Orienge Introduces Conterra 2.1 for Efficient Enterprise Content Management

Saratoga Springs, New York, January 19, 2012 – Orienge, LLC (“Orienge”) introduces a new version of the [Orienge Conterra Enterprise Content Management \(“ECM”\) system](#), Conterra 2.1.

The entire Conterra suite of modules and client applications has been upgraded to include: 1 – A web access with new interface that ensures higher productivity/efficiency when working the broad range of Conterra data structures; 2 – The modernized Document Generator enhancing the functionalities of the [Document Management](#) module; 3 – The improved [KPI Management](#) web application interface; 4 – The renewed [Records Management](#) solution that has improved substantially in regard to paper document management (in addition to the existing electronic records management); 5 – The [Contract Management](#) solution empowered with advanced prefill and task generation using the powerful Conterra wizard features; 6 – New analytical reports and refined performance indicators for all Orienge [business solutions](#); and, 7 – Dozens of minor improvements requested by Conterra users, as well as by clients’ administrators and IT specialists, that have been implemented with renewed development & administration tools for simpler Conterra system administration and configuration.

“While Orienge has a long term set of development objectives for Conterra, we pay serious attention to real market (i.e. customer generated) needs and each new version of Conterra reflects a blend of both,” explained Daniel P. Shields, President and CEO of Orienge. Shields went on to say, “Conterra 2.1 solidifies the Orienge position of constantly developing Conterra advantages. These advantages make this system a highly convenient and full-functional corporate content & collaboration management product. Conterra 2.1 is no exception, and we are proud to announce the latest modifications package available to all Orienge Conterra subscribers.”

The company’s plans for the future include a consistent expansion in ready-to-use Conterra-based business solutions and preparation of advancements in the [Core ECM modules](#).

ABOUT ORIENGE CONTERRA

[Orienge](#) is headquartered in Saratoga Springs, New York and provides advanced ECM solutions for companies with document users ranging from 50 to 1,000, including a powerful ECM system named Conterra.
